At the regular meeting of the Appomattox County Rescue Squad on Tuesday night, November 28th, Mrs. Nellie Almond, on the left, Finance Chairman for the annual Fund Drive for the ACRS, turns over check in the amount of $13,717.11 to Toby Inge, on the right, Treasurer, the total amount collected by squad members and volunteers during the drive.

The same as last year, a goal had been set for the Fund Drive at $10,000.00. During the Fund Drive last year, a total of $15,437.38 was collected as opposed to the $13,717.11 collected this year.

Members of your Appomattox County Rescue Squad were quite pleased, indeed, with the outstanding support shown the organization by the generous donations from citizens of our county.

Bloodmobile Visit Was A Success

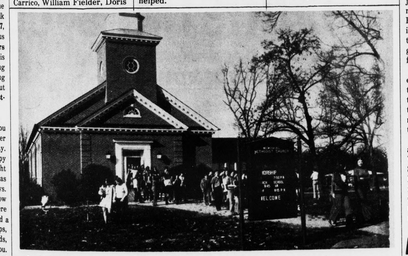
Receiving two gallon pins were Ray Page, Wayne Lee, Jane Perdue and Fred Smith. One gallon pins were presented to Eleanor R. Johnson, Henry E. Riley, Jr., John H. Ranson, Jr., Helen J. In addition to these, they would like to thank Liberty Baptist Church, Spout Spring Baptist Church, members of the Junior Woman's Club, DE-ICT Classes at ACHS, local nurses and the many other ladies who helped.



Students are pictured above returning to the Appomattox County High School from Memorial United Methodist Church after the completion of a thorough search of the school as the result of a bomb threat telephone call. The students were commended for the quiet and orderly manner in which they conducted themselves.

Orderly Evacution Experienced At ACHS

STUDENTS ARE COMMENDED ON THEIR CONDUCT

On Monday morning, at approximately 9:00 a.m., the office at the Appomattox County High School received a telephone call from an anonymous person stating that three bombs were in the high school.

At least two years ago a plan for an evacuation for something of this nature had been set up and the plan was carried out in a very efficient manner.

Mr. Eugene Peyton, Superintendent of Appomattox County Schools, in issuing a statement to this newspaper, said that he would like to commend the students on the orderly manner in which they conducted themselves during this time. The high school students, according to plan, left the school and walked to the Memorial United Methodist Church where they participated in a musical program. The students were also to be commended on the manner in which they conducted themselves while in the church.

After a thorough search of the entire Appomattox County High School, the students returned to school in the same orderly manner in which they had left the school.

The Appomattox County Sheriff's Department is conducting the investigation of the bomb threat, assisted by the Virginia State Police, school personnel, and the ATF - Alcohol, Tobacco and Fire Arms Department of the Federal Government.

To threaten to bomb a school or any building carries a penalty of not less than one year nor more than ten years in the State Penitentiary.

Average For Necessities Is $4,480 Per Year

NEW YORK – How much mileage does the average Appomattox County family get out of its dollar these days?

How much is left for discretionary spending after the basic necessities of food, shelter and clothing are provided for?

Considerably more than was the case a decade or two ago, according to government statistics. Despite the steady increase in the cost of living, most families have incomes that more than compensate for the rise.

As a result, they have more money left to spend for recreation, for education and for better living generally.

Compared with 20 years ago, when the average American family had to spend about 75 percent of its earnings for the basic necessities, only about 58 percent is now needed for that purpose, according to the U.S. Department of Labor.

That is the average. For those
